Walter,

June 26, 1984
Tuesday

Stopped by to see if by
some VERY SIM chance I
could catch you in your office.

I'm leaving for San Francisco
for the next two weeks and then,
your guess is as good as mine.

Regardless though, I wish always
to keep in contact with you.

Your personality, sense of humor,
and incredible depth and perceptivity
left a lasting and valuable
impression on me. If it is for this
reason that you continue to teach
and relate to students at a
"human" and "personal" level,
then you are indeed a success in
every sense of the word.

Thank you, Walter, for ~~the~~ your
open honesty and caringness, and most

importantly, thank you for your
friendship.

With Gratitude & Honor,

Sincerely,

My Tyu & Masadmitov

P.S. I will be moving around
a lot in the years to come however,
I am always contactable
through my parents:

I still have some oatmeal cookies
for you... "smile!"
