

June 15, 1984

Dear Prof. Capps,

Just wanted to drop you a note to let you know how much I've enjoyed your classes and unique insights. In spite of their high enrollment you've always managed to make them very personable.

I'd love to hear from you in the future and to learn of what happenings or developments are taking place here in UCSB.

Hoping that all runs smoothly in your endeavors and wishing you all the best. Thanks for everything!

yours truly,

Julius Epstein
