Dear Walter,

Let me first express my thanks to you for the lectures you gave to our class in July at the Santa Barbara Mission Institute. I wish you could have been scheduled for more lectures,

After patiently waiting for three weeks to catch your Vietnam segment on "60 Minutes", my brother and I were finally rewarded last nite as we watched you and your class and

the veterans provide us with
Television at its best. Like
the class you provided at
Santa Barbara Mission, when
the entire class were in
tears at its close, last nite
I, too, added my tears to
those of you and your
students at the Vietnam
Memorial. It was beautifully
done and CBS should be
congratulated;

God bless you, Walter,
in your efforts to bring
life and reality to the
next generation of young
people and old (this
includes me).

Gratefully yours,

Brother Leroy Flynn
C.F.X.
