Walter,

John Herrera, a Vietnam Veteran,
is a doctoral student at USIU (United
States International ~~Union~~ *University*) in San
Diego.

He would like to get a course started
at USIU similar to yours. He believes
there is a lot of interest among the
students in the San Diego area (just
as in Santa Barbara).

He would like to come up to Santa
Barbara and sit in on one of your
classes and then, if possible, talk
with you afterwards about how to proceed
in setting up a class such as yours.

(He is a member of the Vietnam Veterans
of San Diego.)

Would you be agreeable?

Barbara

P.S. He's one of those who phoned you
and I just returned his call.
