Dear Wally:

It is always so good to hear from you. I hope the three of you have a wonderful time in Sweden and that you will be able to contact some of our family.

Ron and Siv are visiting me on the way up to Minnesota with their boat. They are talking me into going with them next week so I decided to write you and give you information on our relatives.

Mildred's grandmother and my grandmother were daughters of Johan Gillman. The second cousins we visited on the Gillman side of the family were:

Gosta Gillman - G,a - Atvidsvagen 13, 59700 Atvidaberg
(lives in country)

Anna Greta Andersson (mother a Gillman)
59700 Atvidaberg - Gårdsnäs
Telephone: 0120-43029 (lives on farm)

Sune Spångberg (grandmother a Gillman)
Abytundsgatan 52, 58236 Linköping
(lives in city)

All of these relatives would be delighted to see you and would treat you royally. They took us to see the estate of Johan Gillman where your great-grandmother and my grandmother lived. It is now abandoned, but what a sight. It is called the Swedish legend of the Sleeping Beauty.

Hope this information will be of some help to you. If you see them, greet them from me.

Let me hear from you when you come back to the States.

Love,

Helen
