

SOUTHWEST

DAVID MUENCH

June 10, 1989

Dear Walter Capps,

I'm sorry I didn't get another chance to see you before leaving Santa Barbara. I hope the visit with the Soviet Jets turned out well. I have been busy getting settled here in Los Gatos. I will be back at U.C.S.B. for graduation. When I return I'll look more closely into the opportunities around me and keep you up to date on my aspirations. I truly thank you for the assistance and inspiration you've given me.

Sincerely, Paula Bonander

ARPEL

David Muench, one of America's master nature photographers, has a transcendent eye that sees spirit in the land and a camera that captures the magic behind patterns of light and form. Intense and direct; his camera lets sacred places speak.
